

REQUEST FOR PROPOSAL (RFP)
Town of Barnet Flood Recovery Projects
Design and Construction Oversight Services

Questions and Answers

1. Question: If known, when is this project expected to go to bid for contractors and what is the expected start date for construction?

Answer: According to the Town's Federal Emergency Management Agency (FEMA) time extension for these projects, the following timeline is expected:

- Engineering work is expected to be completed September 2026;
- Requests for proposals for contractors are expected to be issued September 2026;
- Construction is expected to commence June 2027.
